

fGoddess Chant

Script

Song: **1. Be still and Listen**

High Priestess:

I am a Holy Woman. I am a Priestess of the Goddess of a thousand names and faces. I am the Trinity: the Triple Goddess, three in one. I am the maiden: young, innocent, a seed of all that is to come. I am the Mother, Creator of all. I am the Crone, the Ancient One who stands at the doorway between birth, death, and rebirth. I appear before you now as the Old One. For I've been here for all of time.

Song: **2. Make Sacred Space** (Call Directions)

High Priestess:

I who am the beauty of the green earth
 And the white moon among the stars
 And the mystery of the waters,
 I call upon your soul to arise and come unto me.
 For I am the soul of nature that gives life to the universe.
 From Me all things proceed and to Me they must return.
 Let my worship be in the heart that rejoices,
 for behold-
 All acts of love and pleasure are my rituals.
 Let there be beauty and strength, power and compassion,
 Honor and humility, mirth and reverence within you.
 And you who seek to know Me,
 know that your seeking and yearning will avail you not,
 unless you know the Mystery:
 For if that which you seek,
 you find not within yourself,
 You will never find it without.
 For behold,
 I have been with you from the beginning
 And I am that which is attained at the end of desire.

Song: **3. Charge of the Star Goddess**

High Priestess :

I am the Maiden. I am waiting to be initiated. I await my awakening. I am full of life, and ready to step into my full power.

Song: **4. Sanctify**

High Priestess:

I stand before you as the Mother, the Creatrix. All that is born comes through me. All have been suckled at my breast. I am the one who carried you into this world. And I watch over you with the most generous love known on earth.

Song: **5. Mother's Gift**

High Priestess:

In the traditional way, the Priestesses and Priests of old went into the sacred groves or to the mountains or caves, and entered into trance. There they would speak and sing as the Oracle, offering themselves as a vessel for a direct communion with the flow of Spirit. I call upon the ancient spirit of the Oracle-Be Here Now.

Song: **6. SpiritSong**

High Priestess:

I am the temple dancer. All acts of love and pleasure are my ritual. I am the sacred initiator of all that is erotic.

I am the doorway to ecstasy... sacred pleasure.

Song: **7. Sacred Pleasure**

High Priestess:

Every woman is the Goddess in body. The embodiment of the Divine. It's time for us to remember. The moment has come, and a great healing is upon us. Recognizing and honoring the Divine Feminine, the Goddess, is one of the most powerful ways available to us for healing from the excesses of dominator culture. And to amplify this healing, we must praise what has been cast down. Praise your Sisters, praise your Daughters, praise your Mothers, praise Her.

Song: **8. Praise Her**

High Priestess:

Now that we've praised Her, there is no turning back. The past is over. It is time now to rise up and celebrate our return to the Goddess in all Her many forms.

Song: **9. Rise Up**

High Priestess:

It is the end of the Patriarchy, the dark times. It is always darkest before the dawn. From the depth of this night, the enlightened times are coming. By the power of my word, I call forth the return of the light. Blessed Be.

Song: **10. Blessed Be**

High Priestess:

The Goddess is walking among us. The feminine values rise again. Celebrating Her helps transform and heal the male and female power imbalance on the planet. We call forth a partnership between the Sacred Feminine and the Sacred Masculine – the Goddess and the God. Together we are creating a culture that cares for its children, respects its elders, and chooses nonviolence.

We call upon all people of all genders. Let us look in our hearts and find the Goddess within us, to honor and protect her, and nurture the sparks of the Mother within our own hearts.

We return to being still and listening as we release the directions, knowing that I am, you are, Goddess!

Song: **11. Be Still And Listen** (Release Directions)

Song: **12. Carried By The Love**

High Priestess:

Let's join hands. Thank you, spirits of this land. Thanks to all, seen and unseen, who made this offering possible. As a priestess of the Goddess, it is my prayer that we may embrace the Divine Feminine and come into loving relationship with our Mother, the Earth. We dedicate this ceremony to the Goddess in Her many forms.

We are changed. We have raised the energy of the Goddess. Let us affirm the intention to carry this energy with us out into the world. Let us raise our hands and say together one final Blessed Be...

BLESSED BE!
